

Cornerstone Kiosk

Create a Community Memorial

Honor hometown heroes, loved ones, and cornerstones of the community with a dignified, monument of remembrance.

Cornerstone Kiosk makes an ideal community memorial to honor your hometown heroes. Honor your firefighters, police and first responders. Honor the local servicemen and women who served our country and who made the ultimate sacrifice. Pay tribute to our veterans and celebrate our patriotic holidays in a grand way.

Perhaps you're considering the best way to honor those lost to the pandemic. Cornerstone Kiosks are architecturally appealing monuments that provide a way for your community to publicly acknowledge our collective loss. A community memorial needs to be attractive, durable, and updateable. Our exterior display cabinets allow room for a full listing of everyone who has passed. If you wish, a QR code could be added to direct viewers to more complete profiles and obituaries on your town's municipal website. With four sides you also have room for periodic posters that feature an individual life story, or to give a shout-out, to those first responders and health care workers who deserve to hear our thanks..
