

Cornerstone Kiosk

Showcase Seasonal Posters by Local Artists

Cornerstone Kiosk provides a fantastic opportunity to add vibrancy and color to your streetscape.

Why not take advantage of the wealth of local creativity by offering local artists the chance to help promote your downtown while promoting themselves. Incorporate appropriate artwork into colorful, seasonal posters. Each year your committee can choose paintings for each of the four seasons. The artist can sign a release allowing you to post and sell copies of the poster with your tagline such as "Fall in Love with Westport." The artist's name and website are listed and their work gets tons of attention as the community buzzes with the excitement and enthusiasm of seeing cool, new posters appear on a regular basis. This is a really fun community project that everyone can appreciate.
